The Council had before it a petition filed by MR. R. A. MULHOLLAND requesting that the two blocks from 45th Street to 47th Street on Caswell be excluded from the Voluntary Paving Program being worked up in that area. Mr. Mulholland was the spokesman for the petitioners. He stated the two blocks on Caswell from 45th to 47th had been paved before it was brought into the city limits and the City and Gas Company had cut the pavement to lay their storm sewers and gas mains and had not repaved this, which caused the pavement to break off; and the grading of the shoulders had caused the curbs to lean. MR. JOE MALIK spoke for a group working for this Voluntary Paving Program. He stated they had 11 blocks worked up now. Mr. Pat Canion, the Contractor, stated the price would be \$3.44 per front foot and this would include everything. MR. GORDON WORLEY praised Mr. Malik for the work he has done on this voluntary paving but stated he would not be interested in paving unless the paving went all the way to 45th Street. The Mayor asked Mr. Canion and Mr. Mulholland to try to work it out so these two blocks could be included in this program.

Mayor Miller brought up the following zoning application, postponed from last week, for public hearing:

COLLEGE STORES PROPERTIES, INC., Wm.S.Gatewood, Pres.	300-310 East 17th St. 1701-09 San Jacinto	From "C-1" Commercial To "C-2" Commercial RECOMMENDED by the Planning Commission
---	--	---

MR. TRUEMAN E. O'QUINN appeared on behalf of this zoning. He stated the owners wanted to have a package store at this location and he displayed drawings of the proposed building and the parking spaces to be furnished. Mr. H. F. Metzger filed a petition and spoke in opposition. Mr. Charlie Trenckmann, Attorney for Mrs. Birdie Stone Fenlow and Mrs. Dolly M. Stone, asked that the change not be granted. Mrs. Fenlow, Mrs. Stone and Mrs. L. C. Banks spoke in opposition. They felt it would not be good to have a package store just across

the street from a place selling beer; there a lot of University students in this neighborhood; and it would increase the traffic and parking problem which were already bad. The Council deferred action until next week.

In connection with this zoning hearing MR. CHARLES PERRONE asked for a street light on East 17th Street east of San Jacinto. The City Manager was asked to check this and put in some lights.

MRS. BEAL STONE requested something be done about the cemetery as it was in a bad shape (the old part).

SAMUEL DUKES, 5514 Martin Avenue, requested that his house be condemned so that he could qualify for 221 under the Urban Renewal. The Council to look into this.

The Council noted a request from Mrs. Nola Knapp, 1924 East 3rd Street, that something be done about a dance hall at 3rd and Chicon.

The City Manager reported on closing wading pools and swimming pools as follows:

All playground supervision concluded August 30th.

Wading Pools at West Austin, East Woods and Shipe to be kept open thru September 2nd. Other wading pools to be closed with the closing of the playground.

Neighborhood swimming pools and junior swimming pools to be open Labor Day. Patterson, Gillis, Govalle, Brentwood, Reed, Zaragosa and Palm to be closed at the end of Labor Day; Shipe, Ramsey, East Avenue, Westenfield, Metz and Stacy to be closed at the end of the day Sunday, September 8th.

Barton Springs, Deep Eddy, Northwest Pool, and Rosewood will continue operation until the attendance falls off in September.

The Council informally agreed to these closing dates but asked that Olive Street wading pool be kept open until attendance falls off.

The Council briefly discussed the old Pan American Center.

The City Manager reported he had a communication from MR. VERNON COOK inquiring if the City was interested in acquiring a park site adjacent to Pecan Springs School. It was agreed that the City definitely did not want it.

The Council recessed at 12:40 P.M. until 2:30 P.M.

Recessed Meeting

2:30 P.M.

The Council held a public hearing to discuss the bids on tires and recapping. MR. EMORY B. THOMPSON and MR. BEN LEE CHOTE appeared for Austin Goodyear Company. They objected to the bids on passenger tires stating they had bid on 100 level tires which was called for in the specifications and that

U.S. ROYAL tires (sizes 600 x 16 and 650 x 16) bid by Willie Kocurek Company were not 100 level tires. They stated Goodyear made more than one line of this size while U.S. Royal only made one and that Goodyear's second line was comparable to the U.S. Royal and if they were permitted to bid their second line, they would be low. MR. WILLIE KOCUREK appeared in the interest of his bid on U.S. Royal tires. He stated he considered the U.S. Royal 600 x 16 and 650 x 16 as being first line quality. Representatives from the B. F. Goodrich Company were present. The Council had before it the following:

"Sealed Bids opened 10:00 A.M. July 16, 1957

*Specifications called for First Line Tires. Willie Kocurek bidding on Royal in sizes 600 x 16 and 650 x 16 bid on Royal Deluxe. Austin Goodyear challenged this (see copy telegram attached). U.S. Royal Distributor, Straus Frank Company states U.S. Royal Deluxe as quoted is highest grade quality tire (see letter from Straus Frank Company). Mr. Raven of B. F. Goodrich Store stated that he and B. F. Goodrich Company will accept the Royal Deluxe as being first line quality. It is therefore recommended that low bidder, Willie Kocurek be awarded contract for Passenger Tires.

"Our analysis of abstract covering bids to City of Austin indicates that U S Dealer quoted exact equivalent of our second line net state prices for 600 x 16 and 650 x 16 sizes. Believe it should be pointed out to the City that this bidder did not quote first line tires on these sizes while you (our dealer) did. We presume the invitation required bids on first line tires. Please advise us of awards when known.

Austin, Texas

"Dear Mr. Bush:

"In reply to your letter of July 22nd and your question concerning the quality of the 600-16 and 650-16 Royal DeLuxe Tire as quoted by Willie Kocurek Company, I would like to state that the 600-16 and 650-16 Royal DeLuxe represents the highest quality 600-16 and 650-16 4 ply passenger tire made in the U. S. Royal line and carries the full U.S. Lifetime Guarantee as does the rest of the tires quoted by Mr. Kocurek.

"We hope this answers your question.

"Yours very truly,
(Sgd) Joe Straus, Jr."

The Council discussed these bids and after discussion Councilman Palmer offered the following resolution and moved its adoption:
